CULTURE SHIFT

Welcoming is the responsibility of all, not just the greeters at the door. We want to create an environment where our whole parish is serving in this way.

FRIENDLY STEWARDS AND USHERS

Have stewards at each entrance to the Church, both at the start and end of Mass. Make sure they are clearly identifiable throughout the event.

CLEAR COMMUNICATION

Are the announcements clear and does our sound system work? Are any areas like the parish hall easily identifiable and accessible?

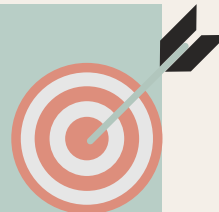

MASS WORDS AND TEXTS

Are the Mass texts available for everyone to aid participation and help people feel at home. Are song sheets printed and ready?

FACILITIES

Make sure the toilets are easily identifiable, accessible and clean. Does your parish have baby changing facilities?
